#### 1. INFO, WARN, ERROR Log

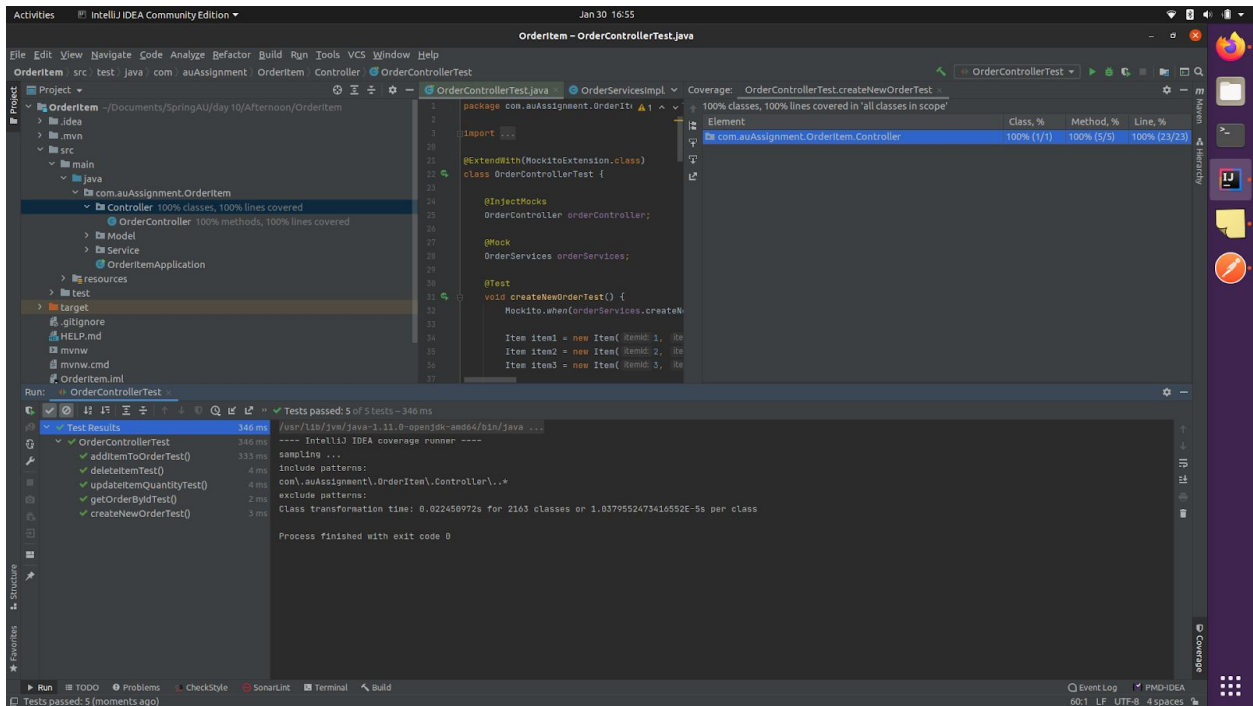

A screenshot of an IDE's console window showing three log entries. The first is an INFO message at 16:55:00.882 stating 'New order created successfully!'. The second is a WARN message at 16:55:05.383 stating 'Order is duplicate'. The third is an ERROR message at 16:55:24.129 stating 'Order not found!'. The IDE interface includes a 'Run' button, a 'TODO' list, and a status bar at the bottom indicating 'All files are up-to-date (a minute ago)'.

```
